

## High Street Cohousing Project

Earthlight can provide dedicated UFB (UltraFast Broadband) service as well as a shared Internet access offering. We are based here in Dunedin and have been providing access to The Internet since 1993.

### UFB (UltraFast Broadband)

Dedicated a UFB service for a dwelling. Own connection to The Internet. \$89.00 per month for 30MBit/s access.

### Shared Internet Access

Shared Internet access for a dwelling. Ideal for lower volume situations. \$40.00 per month, plus one-off commissioning fee of \$115.00.

Assumes rewiring from outside to indoors is already in place.

Service design is a minimum of 5MBit/s access per dwelling.

Minimum 5 dwellings to sign up for service to proceed. If 10 or more sign up together at the start the one-off commissioning fee is waived

### Common To Both Options

- All pricing includes GST
- 12-month minimum term
- Unlimited fair use data
- A landline option is also available. An additional fee will apply according to service type.
- Earthlight provides all hardware
- Hardware remains the property of Earthlight and is managed by Earthlight
