

Request from Landscape and Garden Group

Costs for the next phases of our common garden and landscape development are as follows.

Readying common growing areas - **\$2,500**

- Mushroom compost - 11 cubic metres from Foote Haulage sufficient for all common vegetable growing and planting areas = \$1,222
- Woodchip mulch - 10 cubic metres from Eco Tree Care sufficient for all pathways including around D unit planter boxes = \$350
- Corrugated iron for shelter over bins - 4 x 3m sheets + nails (we have enough timber lying about the place for the structure) = \$350
- Edging timber between lawn and D units raised beds - \$75
- Materials for the propagation shed - essentially roof and posts - \$500

Request

Subject to confirmation from BCG that funds are available, approval is sought by the Landscape and Garden and Group to spend \$2,500 to purchase materials for our common growing areas.
